

# DANGER IS MY TRADE

## DESCRIPTION

The adventure parks of the Aosta Valley offer a series of activities to enjoy alone or in a group, which suit a **team building program**.

Through games and adventure, it is possible to reveal and to understand a great deal about people's character, observing reactions to the unexpected, innovation, difficulty, hard work, challenges, and behaviour toward one's own team and competitors, the attitude to **leadership** and team games.
