

# TODAY I AM THE ARTISAN!

## DESCRIPTION

In a real workshop with benches, saws, trapani and hammers, participants can become 'artisans for a day' and realise a tiny wooden object inspired by the collections of the museum. The proposed manual activity encourages the **contact with raw materials** and experimentation of manual abilities.

## KIND OF OFFER

The workshop provides educational woodworking activities in which the participants, taking inspiration from the work displayed in the museum, can become artisans themselves, and build an item of wood.

The workshop lasts 2h30 and provides the presence of an instructor.

## WHERE

Fraz. Chez-Sapin, 86 - 11020 Fénis (AO)

## WHEN

All year long after having booked at least 10 days in advance

## APPROXIMATE COST
