

TOUCH THE SKY WITH A FINGER: PLATEAU ROSA

DESCRIPTION

An exciting experience, in view of **impressive peaks**, considered among the most spectacular marvels of nature in the world.

It is not necessary to be an Alpine climber to reach high altitudes: thanks to the **Plateau Rosà cableway** you may quickly surpass 3,000 metres for a closer look to Matterhorn, locally known as Cervino or Gran Becca, and the surrounding Alpine panorama.

REQUIRED ABILITIES

For all. Health problems do not discourage staying at high altitudes, since the routes are not especially long.

LENGTH OF THE ACTIVITY

From a minimum of 2 hours to a half day or more, according to the intended activity.

KIND OF OFFER

Climb by cableway towards the glacier of Plateau Rosà to both reach the ski resort and/or enjoy the high mountains, the clear sky, the intense light of the sun and the crisp air. Possibility of reserving various additional activities.

HOW TO GET THERE

You may arrive conveniently by car or by bus to the parking adjacent to the facility.

WHERE

Breuil-Cervinia

WHEN

From mid-October to early May (winter season) and July and August (summer season)
