

TOUCH THE SKY WITH A FINGER: SKYWAY MONTE BIANCO

DESCRIPTION

Skyway Monte Bianco is much more than a cableway to reach 3,466 meters. It's an idea: **drawing man closer to the mountain and sky**, broadening our horizons, overcoming boundaries.

An ascent that lasts 2,000 metres to reach the **panoramic terrace** that allows you to admire more than forty peaks that are higher than 4,000 metres, **from the Mont Blanc to the Matterhorn**, perpetual snow in summer too and groups of roped climbers trying to conquer the first mountains that were scaled.

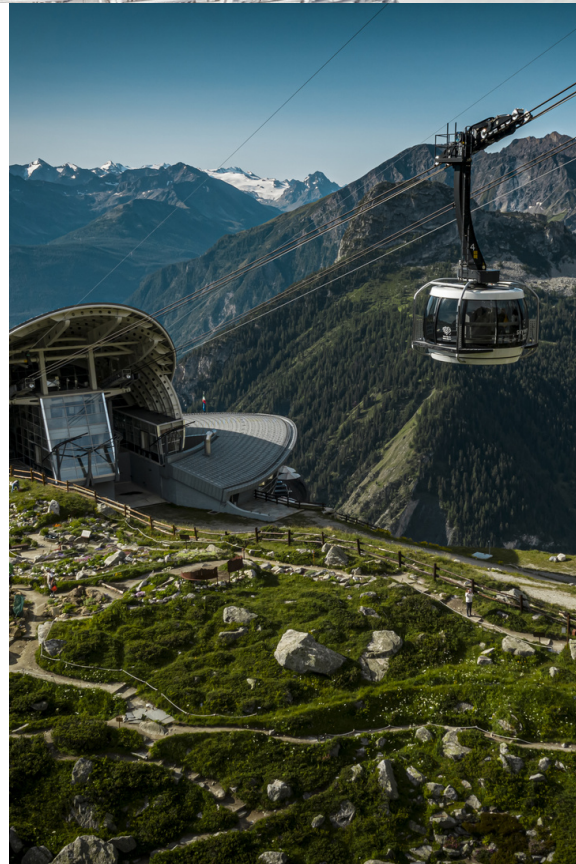

Everything, here, charms.
