

VELO BALTEUS

DESCRIPTION

The 'bike' version of the Cammino Balteo. Routes that cover the **most significant parts of the Cammino Balteo** path by e-bike.

These guided tours are organised to make the participants discover or know better the **rural aspects of the Aosta Valley** through strolls in ancient towns or in some productive areas, but also by analysing the **history, ethnography**, handicraft and food and wines of the areas. All the tours may include some **tasting experiences**.

The itineraries can cover tomached roads, dirty roads or paths in the woods and be of **various difficulty levels** according to the chosen towns and the abilities of the participants.

REQUIRED ABILITIES

Autonomous management of the bike: basic balance, a minimum of resistance on the bike, ability to ride on paths and dirty roads.

KIND OF OFFER

Guided tour along the Cammino Balteo route

WHERE

Various towns of the Aosta Valley
